Re: MM Docket No. 95-165

In the Matter of Amendment of Section 73.202(b), RM-8703  
Table of Allotments, FM Broadcast Stations, (Elberton, GA)

Comment Date: December 26, 1995

Chase Communications and Gordon K. Van Mol hereby **restate** its intention to apply for channel 286-A at Elberton, GA if it is allotted and, if authorized, to build a station promptly. Accordingly, I am resubmitting the former pleadings in this matter, which were originally submitted to the Commission on August 11, 1995.

Sincerely,

  
Gordon K. Van Mol

FCC MAIL ROOM

Enclosed please find 6 copies of a request on behalf of Chase Communications to amend the FM Table of Allotments to allow the addition of a second FM allocation to the City of Elberton, Georgia.

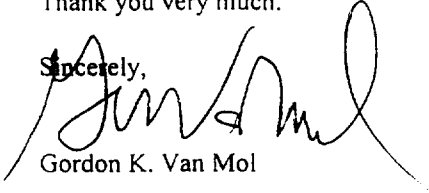

Chase Communications hereby expresses the intent to apply for the new station when it is allocated to Elberton.

To acknowledge receipt of this FM Rule Making, please stamp a copy of my cover letter (enclosed) and kindly return it to me in the addressed, stamped envelope which I have also included.

If there are any questions concerning this FM Rule Making, please contact me at (404) 526-7470 or (770) 963-9848.

Thank you very much.

Sincerely,

  
Gordon K. Van Mol

**REQUESTED FM RULE MAKING**  
**CHASE COMMUNICATIONS**  
**CHANNEL 286 A**  
**105.1 MHZ - 6 KW ERP**  
**ELBERTON, GEORGIA**  
**JULY 1995**

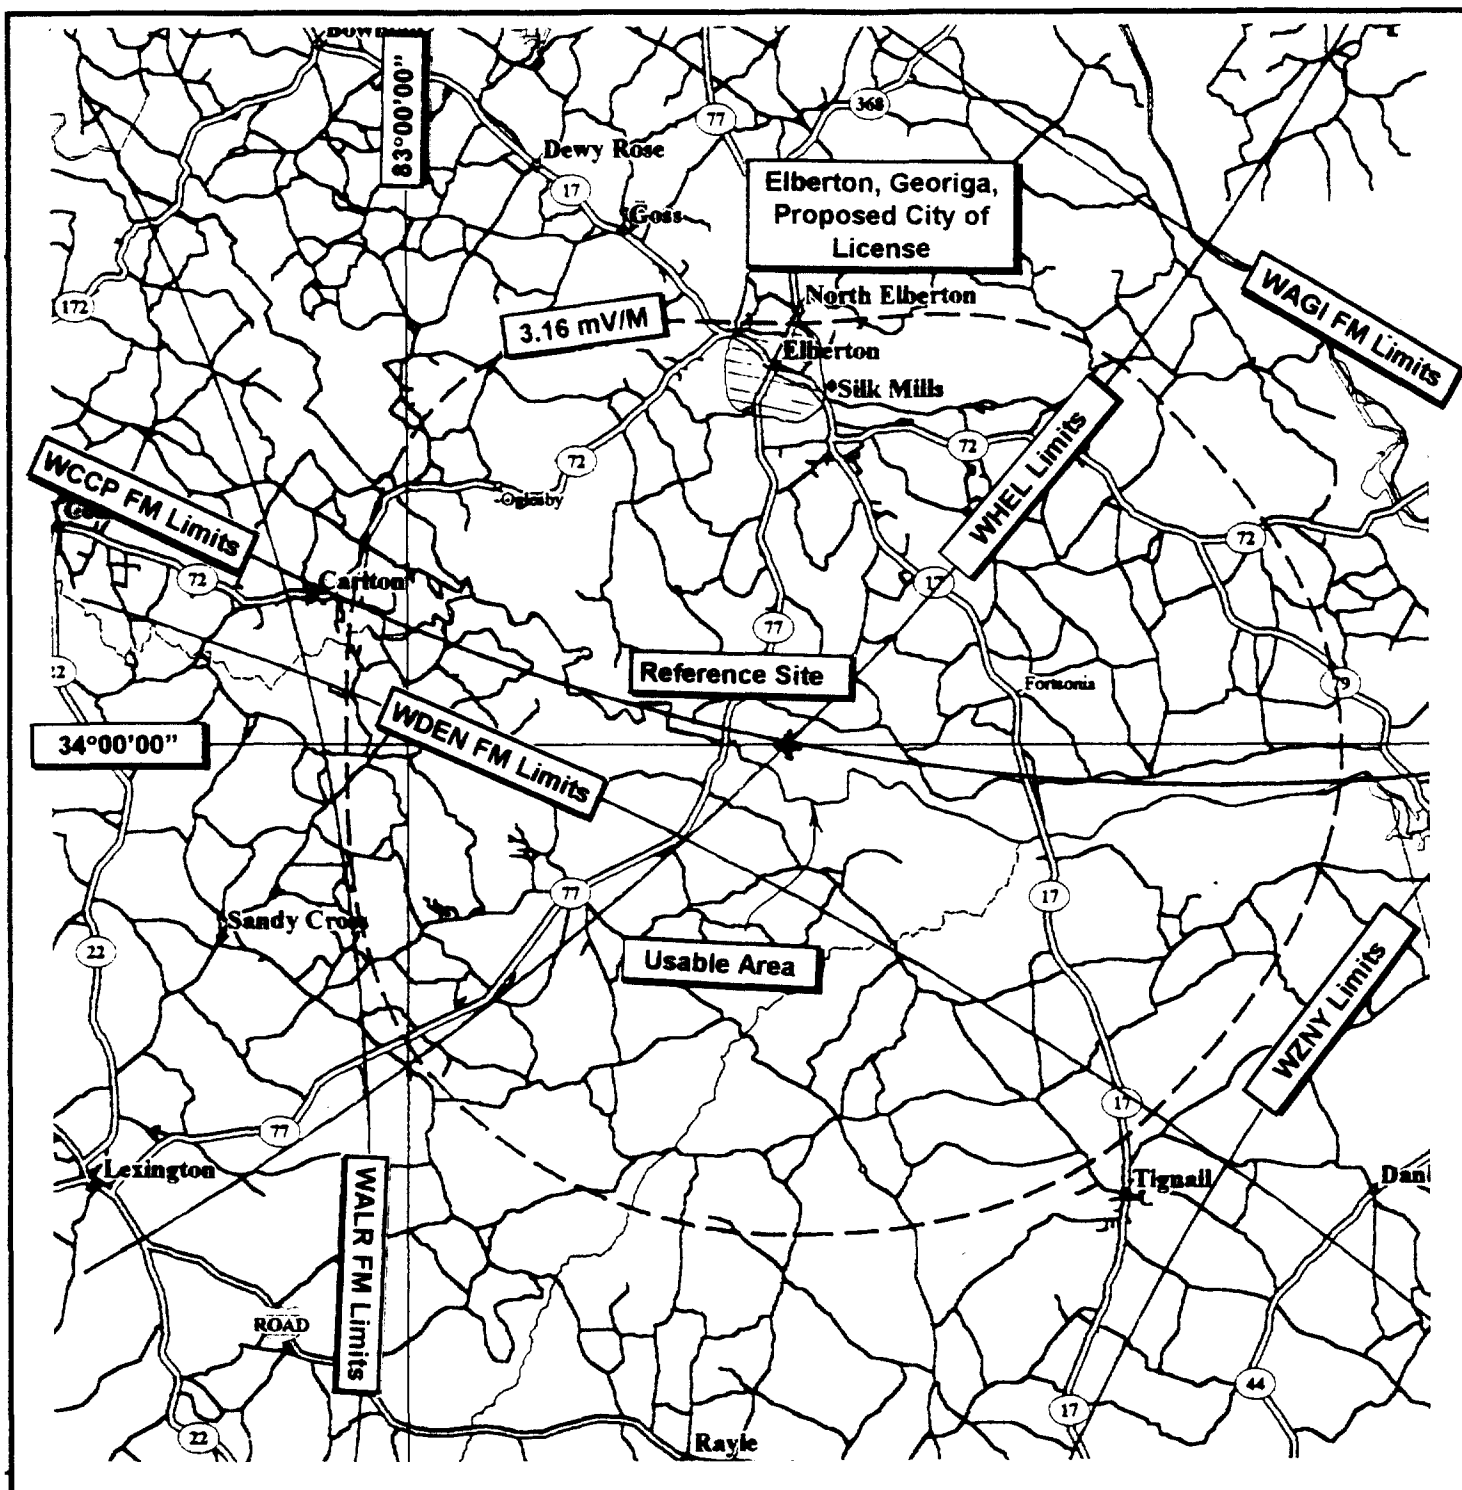

This Rule Making is prepared on behalf of Chase Communications ("Chase") who desire to amend the FM Table of Allotments §73.202 by the addition of a second FM allocation to the City of Elberton, Georgia.

Elberton is the County Seat of Elbert County, Georgia. Although one AM and one FM are already licensed to Elberton, the economic and population base will support the proposed new service.

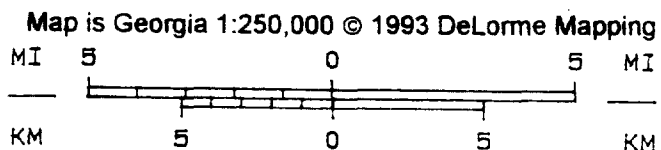

This request is in compliance with the spacing requirements §73.207. Exhibit #2 indicates that from the reference coordinates of North Latitude 33° 59' 58" and West Longitude 82° 51' 47" spacing compliance is achieved. This proposed allocation is site restricted 12.45 KM south of Elberton to give adequate clearance to WCCP (FM) Clemson, South Carolina and WHEL (FM), Helen, Georgia. From this location the 70 dBu city grade signal is delivered to Elberton, the proposed city of license. Exhibit #1 graphically illustrates the city grade coverage.

The public would be well served by the addition of Channel 286A to Elberton. 31,501 persons will receive the proposed 60 dBu or greater signal. These persons reside in the states of Georgia and South Carolina.

Chase hereby expresses the intent to apply for the new station when it is allocated to Elberton.
